MS Culminating Activity Project Proposal

All MS candidates are required to complete a project using statistics. This project is typically work that will be included in your PhD thesis but can also be a stand-alone project. Please detail your proposed project below

A goal of the MS program is to enable researchers to use new, advanced statistical methods that are not necessarily common in their fields. Please detail below how your coursework in statistics has influenced your proposed project.

When do you expect to submit your completed project? _____

Submit completed form to MS Program Director, Elizabeth Tipton, and Department Assistant Kisa Kowal via email: tipton@northwestern.edu; k-kowal@northwestern.edu.

To be completed by the MS Program Director

Department expectations and deliverables for this project

Once the MS Program Director has reviewed the project proposal and completed the department expectations, the form will be returned to you for your signature.

Agreements and Approval

Student agreement

I understand and agree to the department expectations, project deliverables, and timeline outlined above for my MS Culminating Activity Project.
